Zurich Staff Legal maintains regular, ongoing communication with Zurich's customers to ensure they are up to date on the progress of their litigation and our defense strategy. We work closely with Zurich's Claims organization to develop a strong, strategic defense, manage total loss costs and reduce case complexity where possible. We also work closely with brokers to help best serve our mutual customers and respond quickly to their needs.

Trends, tools and technology

Our commitment to working towards the best possible outcomes includes staying on top of evolving litigation issues, leveraging claims data and analytics in case resolution, and putting innovative technology into action to improve efficiencies and the overall experience for our customers.

Our focus is on you

Our legal professionals are focused exclusively on Zurich customers and helping them achieve better outcomes. Outside legal firms often handle a wide range and volume of clients that can prevent them from providing the kind of concentration on industry-specific claims litigation that Zurich offers.

From investigation to case management to final resolution, you can depend on our knowledge, commitment and determination to be the counsel of choice.

Zurich Staff Legal is committed to providing customers with high-quality, cost-effective defense of litigated claims. We use industry best practices and metrics to help drive favorable results while also delivering consistent, dedicated service in and out of the courtroom.
