**Vehicle Service Contract**
For personal watercraft and snowmobiles

# Ride with Confidence
## Coverage for your adventures ahead

There's always a risk that your personal watercraft or snowmobile will experience a mechanical breakdown, and just one major repair can cost you considerable time and money.

A service contract provides coverage for parts and labor costs to repair or replace major components on your personal watercraft or snowmobile. So should you experience a breakdown, all you pay is a small deductible for any covered repair.

## Enjoy the benefits a service contract offers

**Comprehensive coverage**
Our comprehensive coverage is an all-risk mechanical breakdown plan. The plan provides coverage for parts and labor costs to repair or replace failed parts. (See your contract for coverage and exclusions details.)

**Pick-up service**
If a covered component fails, we will reimburse you for pick-up charges for a maximum reimbursement of $100 per covered breakdown.

**Multiple term and mileage options**
Chose a plan that best meets your specific needs and budget.

## Additional contract features

**Flexible options**
The cost of your service contract can be paid separately or added to your monthly payment for a small amount each month.

**Higher resale value**
Service contracts can be transferred to the next owner of the vehicle, which can result in a better resale price.

**Nationwide acceptance**
For added convenience, you can have your personal watercraft or snowmobile repaired at your selling dealership or any licensed repair facility across the United States and Canada.

## Exclusions:

Exclusions include but are not limited to, the following parts (see your contract for coverage and exclusion details): antenna mast, audio speakers and wiring; all batteries except EV high-voltage rechargeable batteries; belts, hoses, and clamps; body parts; brake linings; brake rotors and drums; cellular telephones; clutch disc; exhaust system; fairing (except for the following parts: fairing mounting hardware, brackets, switches, covers, latches and hinges); filter housings; final drive chain or belt and rear sprocket; frame; fuses and fusible links; glass, lenses, light bulbs and sealed beams; mirrors; mufflers or baffles; personal watercraft impeller and wear rings; shock absorbers; snowmobile skis, tracks, clutch belts, weights, rollers, pins and bushings, wheels under tracks, hyfax/side rail; spark plugs; thermostats; tires, wheels and spokes; trailer hitch; trim, upholstery, paint, moldings; windshield and windshield mounts; home charging station, wall connector, mobile connector, all future connectors, and all related charging adapters. Repairs of water and air leaks (including fogging of and moisture in lamp assemblies), rattles, squeaks, alignment of body parts, fenders, rust, and physical damage are not covered. Any parts or components that are not factory installed are not covered.

The normal maintenance services and parts required or recommended by your vehicle manufacturer and other normal maintenance services and parts are not covered.

This brochure gives a general overview of Zurich's vehicle service contract program for personal watercraft and snowmobiles. Certain restrictions and exclusions apply, and coverages may differ in certain states. Please consult your contract for detailed terms and conditions. Universal Underwriters Service Corporation (UUSC), a member company of Zurich in North America, is the issuing provider and administrator of Zurich's vehicle service contracts in all states except Florida. In California and New York, UUSC operates under its DBA, UUSC Service Company (CA License #0C17302). In Florida, the issuing provider and administrator is Vehicle Dealer Solutions (FL License #60132).
